**INDEPENDENT AUDITORS' REPORT**

To the Members  
Grandwood Securities, L.L.C.  
New York, N.Y.

We have audited the accompanying statement of financial condition of Grandwood Securities, L.L.C. (a Limited Liability Corporation) as of December 31, 2005 and the related statements of income, change in member's capital, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Grandwood Securities, L.L.C. as of December 31, 2005 and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the supplemental schedule listed in the accompanying index is presented for additional analysis and is not a required part of the basic financial statements, but is supplemental information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

**REPORT ON INTERNAL CONTROL**

To the Member  
Grandwood Securities, L.L.C.

In planning and performing our audit of the financial statements and supplemental schedules of Grandwood Securities, L.L.C. December 31, 2005, we considered its internal control structure, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5 (g) (1) of the Securities and Exchange Commission, we have made a study of the practices and procedures followed by the company that we considered relevant to the objectives stated in Rule 17a-5 (g) in making the periodic computation of aggregate indebtedness and net capital under Rule 17a-3 (a) (11) and the procedures for determining compliance with exemptive provisions of Rule 15c3-3. We did not review practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13 or in compliance with the requirements for prompt payment of securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5 (g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structures or the practices and procedures referred to above, errors or irregularities may occur and may not be detected. Also, protection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weakness under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities that we consider to be material weakness as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purpose in accordance with Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all materials respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2005 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, and other regulatory agencies, which rely on Rule 17a-5 (g) under the Securities Exchange Act of 1934 and should not be used by anyone other than these specified parties.
